

A signed copy of the enrollment contract, and a completed 2024-2025 enrollment packet secures a spot for the new school year, which begins January 6, 2025. Please note this is a modified financial plan based on the fact we will only be open a half year for this school year.

## **PAYMENT PLAN**

Tuition payments can be paid in full or made once a month, on the 1st of the previous month, and spread across five payments. Monthly tuition is based on the annual cost of the educational program, calculated on the actual days open for the school calendar year. Payments will be prorated if joining the program at any time besides the start of the school year. We stress the importance of timely payments to ensure smooth operations and avoid inconvenience.

We understand that different families have different financial situations. To cater to these needs, we offer three flexible payment options: major credit cards, auto drafts from your bank or credit union, and cash. Cash payments must be made directly to the Head of School on time. This allows you to choose the method that suits you best, ensuring a hassle-free payment process.

## **TUITION PAYMENT SCHEDULE**

The first payment includes the enrollment fee, supply fee and first monthly payment. It is due upon enrollment to secure your spot. The second payment is January 1, 2025, third is February 1, 2025 and so on.

## **ENROLLMENT POLICY**

The enrollment process will not be complete until the school has received and processed all the applicable administrative fees, the enrollment forms, and the official contract. All contracts must be signed electronically or in-person.
